The DBA is an organization of legal professionals and law students, supporting Latino members of the legal profession, particularly attorneys and law students of Dominican ancestry, in their pursuit of higher posts in the legal profession and other facets of influence in the United States.

The DBA also strives to support the at-large Latino community by organizing pro bono “Know Your Rights” legal workshops for members of the public, by providing scholarships and mentorship to law students and college students, by creating community service events, and by conducting career information activities for high school students at their schools and developing mentorships with the same, among other initiatives.

PRESIDENT'S MESSAGE

“Your contributions are vital to our ability to continue providing industry-leading programming to our practitioners and financial support to Latino law students.”

-Jeffrey J. Saavedra

We stand on the shoulders of the giants that came before us. This year, for our milestone 20th Anniversary Annual Scholarship Gala, we will honor those giants by uplifting the future of the Latino legal community. Last year we were able to award scholarships to ten deserving law students. With your help, we hope to exceed that number this year.

Over the past few years, we have expanded our outreach, programming, and general growth throughout the United States and the Dominican Republic by meeting nuestra comunidad where they need us. We hope to continue our upward mobility and expansion and fulfill our core mission of promoting the advancement of Latinos within the legal community and empowering the Latino community to reach new and higher posts throughout it.

Your contributions are vital to our ability to continue providing industry-leading programming to our practitioners and financial support to Latino law students. We hope we can count on you to positively impact the Latino legal community.

OUR MISSION

THE EVENT

This year the Dominican Bar Association is celebrating its 20th anniversary annual scholarship Gala. In 20 years, DBA has accomplished so much within the Latino legal community. The DBA has awarded more than \$160,000 in scholarships to law students, provided invaluable internship opportunities and have remained *presente* for the Latino community in NY.

THE GOAL

The Dominican Bar Association's annual scholarship Gala was created to raise funds to provide financial assistance to law students of color. Through the years the quantity of the scholarships have tripled because of our members support. The event also honors the achievements of DBA members and leaders in the Dominican community.

THE BENEFITS

The Scholarship Gala is attended by leaders in business, legal professionals, community leaders, elected officials, and the media

- The Gala provides an excellent opportunity to network and build relationships (invite your business contacts to join your table)
- Logo and name visibility at the event, within the community, and through social media channels
- Complement the marketing, public relations, and community service goals of your company
- Reach target markets, increase awareness, build your image, and support diversity in the legal community.
